

EDUCATION

Degree	Specialization	Institute	Year	Cgpa
B.Tech	Computer Science & Engineering	Kalasalingam Academy of Research and Higher Education	2022–2026	8.15
Intermediate	Mathematics, Physics, & Chemistry	Sri Viswasanthi Mahila Junior College	2022	86.7(Percentage)
SSC	Mathematics, Physics, & Chemistry	Sri Chaitanya High School	2020	92.5(Percentage)

WORK EXPERIENCE

- **Subject Matter Expert (Freelance)** [Chegg] April 2024 – June 2025
 - * Provided accurate and detailed solutions to academic questions in Computer Science / Programming
 - * Delivered clear, step-by-step explanations to help students understand complex concepts
 - * Maintained high quality, accuracy, and adherence to platform guidelines

PROJECTS

- **Detection of Suicidal Ideation Using NLP Techniques** [Academic Project] Nov 2025 – April 2026
 - * Developed an **NLP-based model** to analyze student responses and detect suicidal tendencies
 - * Applied **text preprocessing and machine learning techniques** to classify mental health risk levels
- **Chronic Kidney Disease Prediction System By Using Deep Learning** May 2025 – August 2025
 - * Built a **machine learning model** using clinical data to predict Chronic Kidney Disease
 - * Performed **feature selection and classification** to improve prediction accuracy
- **Smart Voting System** Sep 2024 – Mar 2025
 - * Developed a **secure voting system** with authentication and real-time result tracking
 - * Integrated **face recognition voting** to enhance security and usability

POSITIONS OF RESPONSIBILITY

- * Led a team in academic projects, coordinating tasks and ensuring timely completion of milestones
- * Demonstrated leadership, teamwork, and effective problem-solving skills

EXTRA-CURRICULAR ACHIEVEMENTS/ACTIVITIES

- * Solved **100+ academic problems** as a Subject Matter Expert on Chegg, enhancing problem-solving and explanation skills
- * Demonstrated **teamwork and leadership skills** by collaborating on multiple academic and technical projects

TECHNICAL SKILLS

- * **Programming:** Java, SQL, Python
- * **Web Technologies:** HTML, CSS
- * **Database:** MySQL, MongoDB Atlas
- * **Additional Skills:** Data Structures and Algorithms
- * **Version Control:** Git, GitHub, Visual Studio

CERTIFICATIONS

- * **Oracle Certified Foundations Associate** – Oracle
- * **Machine Learning with Python** – Coursera
- * **Database Management Systems** – CodeChef
